

# Green Movie Night

Friday September 20, 6 PM

Pleasant Hill Teen Center

FREE!

When **WALL-E**, a lonely robot designed to clean up a waste-covered Earth of the future, falls in love with another robot named EVE, he follows her on a fantastical journey across the universe that changes the destiny of both his kind and humanity. Can WALL-E and EVE help the humans restore Earth and its environment? This touching and humorous G-rated movie celebrates nostalgia and addresses the immense impact that humans have on the Earth and where we might be headed.

All ages are invited to attend, not just teens. Enjoy one of Pleasant Hill's newest community facilities, enjoy light refreshments from Doorstep Farmers, and meet the hosts -- the Pleasant Hill Chamber of Commerce Green Committee and the Mayor's Pleasant Hill Education Initiative Green Team. **Please RSVP with Anne Baker at 671-5806 or [abaker@republicservices.com](mailto:abaker@republicservices.com).**
