On 09/26/2019 at about 4:35pm , Pleasant Hill PD officers responded to the gas station regarding a vehicle seen driving recklessly. An investigation revealed that a vehicle with possible damage from bullet holes was seen in the area and the occupant(s) were asking for help. The vehicle fled the area before police or other emergency personnel could arrive.

A short time later, a person arrived at a local hospital with a gunshot wound. Investigators have spoken with that person and determined that the incident occurred outside of the City of Pleasant Hill. Pleasant Hill PD investigators continue to work on the case, however will not be the primary investigating agency. Further information may be released by that agency.
