

March 19, 2020

To our Pleasant Hill Business Community:

We are all facing an unprecedented public health challenge with the COVID-19 virus. In the past week there have been many changes that impact City operations and business operations throughout the City. The City has and continues to follow the guidance from our local County Health officials related to providing essential services. We also recognize that many of our local businesses have had to close their doors or severely limit their business operations. Here is some information to help you navigate through these challenging times:

The City website provides information and current updates from the County Health Department related to the COVID -19 virus, and can be found at: www.pleasanthillca.org/COVID-19.

There are resources from state and federal organizations specifically focused on information and helpful resources for businesses.

<https://caled.org/economic-development-resources-for-the-novel-coronavirus-and-covid-19/>

<http://business.ca.gov/coronavirus-2019/>

You are encouraged to comply with the Shelter in Place order. However, if you need to access essential services including food or resources to operate your business remotely, your favorite restaurant may be available for take-out and some businesses may be operating on a limited basis with hours that change daily. One resource to help you find local resources is the Stay Pleasant Hill app available at [Google Play](#).

Your business is important to us, and during this Shelter in Place period we want to provide individualized services to help you navigate the maze of resources that may be available to you. While we are unable to meet with you in person, we want to continue to provide needed services to our business community by phone or email. If you don't find the specific information you need on our website or through the listed resources please contact us via email at EconomicDevelopment@pleasanthillca.org or by telephone at 925.671.5213.

Wishing you and your family good health,

June Catalano
